

How to Connect to the Horizon Chrome App

1. Located and click the Horizon Chrome App pinned to the dock

2. Click the + icon to add the server connection

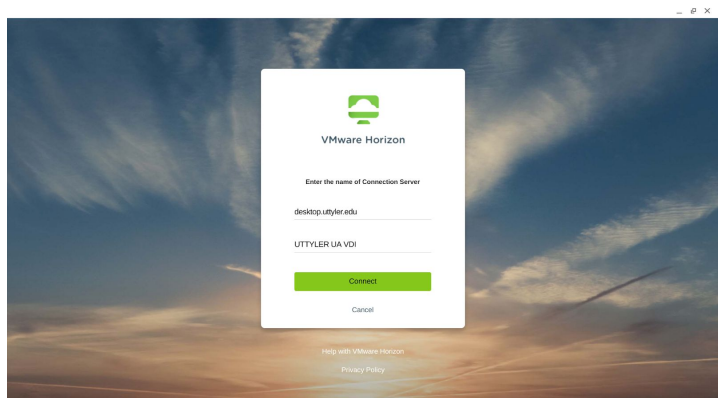

3. Enter in the following for the server address

desktop.uttler.edu

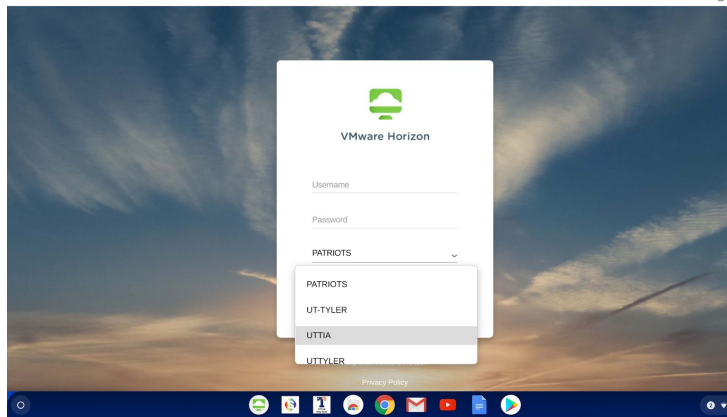

For name we recommend

UTTYLER UA VDI

Click the Connect button

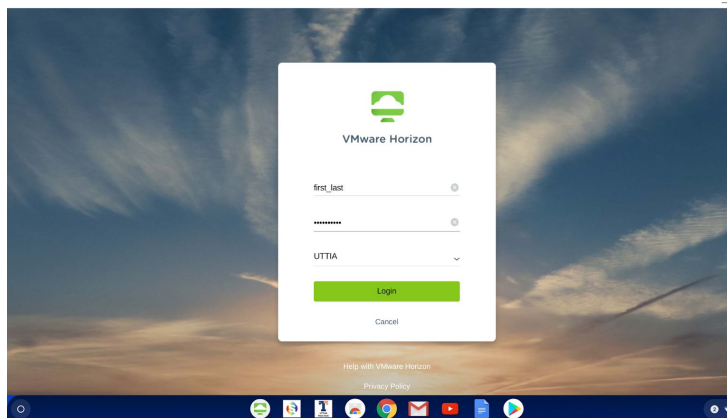

4.
From the dropdown select “UTTIA”

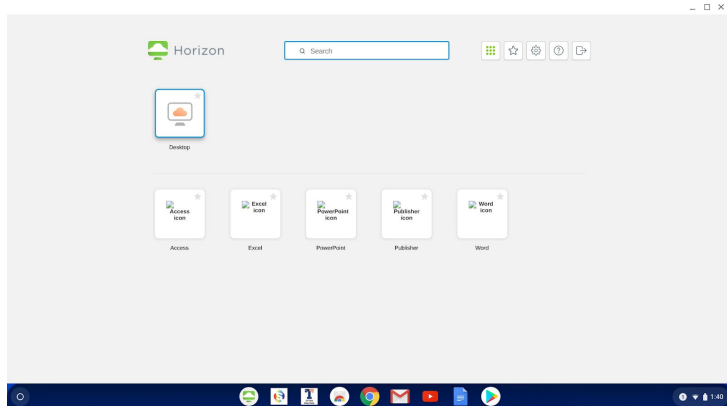

5.
Enter your Horizon credentials in the following format

First_Last
Password

Note the @local.uttia.org is NOT needed with “UTTIA” selected from the dropdown.

6.
Click the Desktop icon to launch Horizon Virtual Desktop

7.
You may see a white/black screen
for a moment until the desktop
loads.
